

The Gentlemen's Grand Tournament

November 5 and 6 at Rock-Con

*A five game, two day Warhammer 40,000 tournament
for the discerning player.*

For one blood-soaked weekend, there is only war!

For too long, distinguished gentlemen (and ladies) such as yourselves have had no venue to call your own. No place where you could practice the stately Arts of War in a manner befitting your tastes and station.

I tell you now that this doleful situation has been rectified! With all due haste, enter the lists of the Gentlemen's Grand Tournament and prove once and for all, to the people that actually matter, that it is *you* who are ... *The Perfect Gentleman*.

The event is distinguished in several ways.

- Painted armies only! Put your superiority on display for all to admire. The bare plastic and primed models of the lower classes are not welcome here.
- Victories are what matter! Whether you fall just shy of a worthy opponent or crush the unlucky general matters not. One victory (or loss) is the same as another. You need not fear losing your place because you didn't "score enough points".
- Prizes of equal merit will be distributed for all gentlemanly aspects of this grand pastime: gaming, painting and modeling, and sportsmanship. There will be no unseemly melding of "hard" and "soft" scoring here!

I know you are up to the challenge. Right! *Off then to register for the event!*
